The Xtorm Power Banks are made to store charged energy for the times you really need it. This Xtorm Power Bank 7300 is made from brushed aluminium and comes with an internal energy storage capacity of 7300mAh, enough to recharge an average Smartphone up to 5 times! It has 2 integrated cables, so you always have your charging cable at hand. 1 standard USB for charging the Power Bank itself and one Micro-USB for charging your mobile devices. Although micro-USB is the new standard, not all mobile devices come equipped with such a port. That’s why we have added a standard female USB-port, so you can keep charging all of your mobile devices. Use the USB-port with your own cable or with one of the supplied connectors. This indispensable accessory lets you charge even two mobile devices simultaneously. The Power Bank itself can be charged through USB, AC-Adapter[2] or SolarBooster (AP100).Works with all Apple®, BlackBerry®and Google Android(TM) mobile devices, including tablets. Beautifully integrated ultra thin flip shell design The Elegant leather flip case is beautiful in its design and simplicity; integrating perfectly with the body of the Z30. The protective shell fits tight to the body of the Z30 to give full body protection whilst the flip cover keeps the screen clear from accidental scratches. The case is made from the best range of materials to give ultimate protection to your handset. Designed specifically for the Blackberry Z30 The flip case has been specially designed and created for the Blackberry Z30. Therefore you can be sure to be buying the perfect companion to show off your device. Features an in-built proximity sensor to save battery life The Blackberry Z30 Flip Case utilises an in-built proximity sensor, so it knows when your BlackBerry device is in place - and it automatically shuts off the screen in order to help maximize battery life. This technology also allows you to choose different notification settings for incoming calls, emails and other functions based on whether your device is in or out of the case. Full access to all major functions and features The Flip Case has been designed to give you full access to all major ports and functions via the intricate cutouts. This includes access to the charging port, volume control and the camera making this case a pleasure to use.

BlackBerry Z10 Multimieda Pod OverviewDock your BlackBerry Z10 in style with this official accessory from BlackBerry. Designed for landscape orientation, the Z10 can be powered whilst outputting HD content from the dock thanks to a MicroUSB and MicroHDMI connector within the dock itself. Connect a microUSB cable to the dock for charging and a full HDMI cable to the back of the dock to share your content with an HD display. You could even use the dock for independent charging or independant HD output. There is no need for the device to be powered at the same time as sharing content through the HDMI connector. This official accessory does to allow the Z10 to sit at an ideal viewing angle on a desktop. BlackBerry Z10 Multimedia Pod Features Official BlackBerry accessoryCustom made to fit the Z10 smartphoneAllows for HD content to be shared with a HD displayCan be charged in the dock* Not included in the appropriate HDMI cable or charger

Bluetooth Hands free sada PARROT MK9100 s dvouřádkovým displejem i pro BlackBerry a iPhone. Sada určená pro montáž do vozu.MKi9100 je systém s dvouřádkovým LCD displejem a ovládacím bezdrátovým dálkovým panelem se 6-ti tlačítky, kdy jedno je i otočné. Ovládací panel lze umístit kdekoliv (v dosahu řidiče) nebo přímo na volantu. Displej lze při opouštění vozidla odejmout, pro větší bezpečnost před krádeží.Displej Mki9100 umožňuje práci a výběr z telefonního adresáře, zobrazení čísla a jména volaného/volajícího, zobrazení menu sady a zobrazuje stav při přehrávání hudby. Kombinací dvojitého mikrofonu a nového SW je zaručen vysoce kvalitní přenos zvuku, nulové echo a potlačení okolního ruchu při uskutečněném hovoru.Nejdůležitější vlastnosti: Automatická synchronizace telefonního seznamu s mobilním zařízením (mob. telefon/PDA atd.).Dálkové bezdrátové ovládání hlavních funkcí radiofrekvenčním ovladačem. Kabel pro připojení audia z iPod, přes USB na linkové vstupy.Bluetooth verze 2.0 +EDR s HFP, A2DP, OPP, AVRCP ….Nový digital Signal Processing (DSP-3).100% kompatibilní se zařízeními s Bluetooth protokolem.Dvouřádkový LCD displej Blue OLED.Sada umožňuje plnou integraci do audiosystému vozidla (pokud to umožňuje samo vozidlo).Přehrávání hudby ve vozidle: Díky přípravě pro integraci do vozidla je pak tel. hovor slyšitelný ze 2 repro automobilu a hudba z min. 4 repro. (závisí na typu vozidla)MKi9100 je dodávána se speciálním audio kabelem, který slouží k připojení libovolného druhu analogového nebo digitálního přehrávače.Tento kabel se rozděluje do 3 koncovek:konektor iPod/iPhone přes USB na linkové vstupykonektor USB pro MP3 přehrávačekonektor 3,5 jack (vstup)pro analogová zařízeníSada rovněž připojí jakékoliv podporující Bluetooth Stereo (A2DP) profil (MP3, audio mobily, smartphony a PDA).Jako celá Mki9xxx serie, sada obsahuje bezdrátový ovládací panel.Dálkové ovládání umožňuje přístup k hlavním funkcím - PŘEHRÁT/PAUZA, NÁSLEDUJÍCÍ SKLADBA a HLASITOST. MKi9100 zobrazuje playlist s informacemi o přehrávané skladbě. Sada MKi9100 má vestavěný digitální zesilovač. Ovládání hlasem: Sada MKi9100 se automaticky synchronizuje s tel. seznamem daného zařízení.Změny v telefonním seznamu probíhají automaticky pokaždé, když je detekován nový vstup.Přístup ke kontaktům a vytáčení je prováděno stisknutím zeleného tlačítka.Tímto způsobem se i aktivuje funkce rozpoznání hlasu volajícího nezávisle na uživateli.Sada rozpozná váš hlas a jméno, které vyslovujete. A to vše bez předchozího namlouvání hlasových příkazů.Přímý vstup do tel. seznamu a procházení všech záznamů umožňuje hlasová syntéza - funkce text-to-speech (TTS).Proto nelze v současnou chvíli tuto funkci (TTS) využít, protože sada nerozpozná česká jména a nelze přidat ke jménu ani hlasový záznam přímo do sady manuálně !!!Příchozí hovor se zobrazuje na displeji sady, kdy se zobrazí jméno a číslo volajícího, stejně jako na mobilním zařízení. (mob. telefonu/PDA, atd.)Technická specifikace: Externí dvojitý mikrofon s nastavitelným směrováníFull DuplexDSP-3 (potlačení echa, rozšířená redukce okolního hluku)Přenos hlasu a hudby do reproduktorůHudba: Vícenásobné konektory - iPod (od 5-té generace)USB a linkové vstupyPřehrávání hudby ze zařízení podporujících A2DP profilZesilovač Class-D 20WTelefonní seznam: Automatická synchronizaceRozpoznání hlasuHlasová syntéza TTS - POUZE V AJ VERZI !!!Počet kontaktů - celkem až 8 000, na spárovaný telefon až 2 000Bluetooth: Bluetooth v2.0 + EDRPodporované profily - HFP (Hands Free Profile), A2DP (Advanced Audio Distribution Profile), AVRCP (Audio Video Remote Control Profile), OPP (Object Push Profile), PBAP (Phone Book Access Profile)Maximální dosah 10 metrůPárovací kód - „0000"Lze spárovat až 10 zařízeníAutomatické připojení (zapnuto nebo vypnuto)Procesor: Microprocessor Parrot5 (32 bits) at 208MHzPaměť: Flash = 32 Mbits - RAM = 16Mbits

After years of breaking earbuds during his workouts, LeBron James teamed up with Dr. Dre in creating Powerbeats earphones: the only earphones designed to deliver premium sound on the court, in the gym, or on the streets.
MADE FOR ATHLETES.
Flexible earclips are designed to secure Powerbeats earphones in your ears no matter how rigorous your workout. Sweat-resistant materials and ear tips of all sizes keep you comfortable, always.
CLEARER SOUND. DEEPER BASS.
Powerbeats earphones are the only Beats by Dr. Dre earbuds that come with two speakers inside each bud. That means you get crystal clear highs and deep, rumbling lows in high definition.
SAFETY FIRST.
Powerbeats earphones are specially designed to pump clear bass at any volume while letting in ambient noise - making sure athletes stay safe while running on the road.
REMOTE CONTROL CORD.
You can adjust your music to find your power song right from the cord. No need to fumble with your MP3 player during your workout.

Také se Vám zasekává kulička (trackball) u Vašeho Blackberry? Nebo Vám již vůbec nepracuje do některé ze stran? Tímto neduhem trpí většina současných BlackBerry přístrojů a proto nové modely Blackberry již výrobce nahrazuje senzorovým touchpadem podobným NaviWheel u Nokií. TrackBall prodáváme i v jiných barvách než výrobce a tak Vaše Blackberry může vypadat o něco lépe. Za poplatek 100 Kč vč. DPH Vám Trackball vyměníme. Výměnu provádíme do následujícího pracovního dne. Originální náhradní díl RIM Blackberry.

TheOtterBox Impact Series for BlackBerry Torch 9860 is perfect for folks who want a simple case that is easy to take on and off. What sets this case apart from other "skins?" Well, the OtterBox Impact Series is designed with coring inside the silicone. This waffle-like design dissipates impact pressure away from your device to keep it safe from the occasional bump or shock. Included with the case is a self-adhering touch screen protector.
